1.5 Function buttons F1-F12
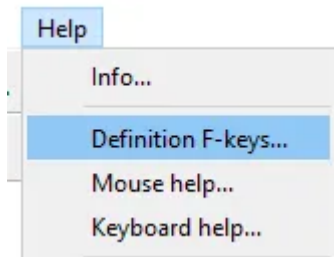

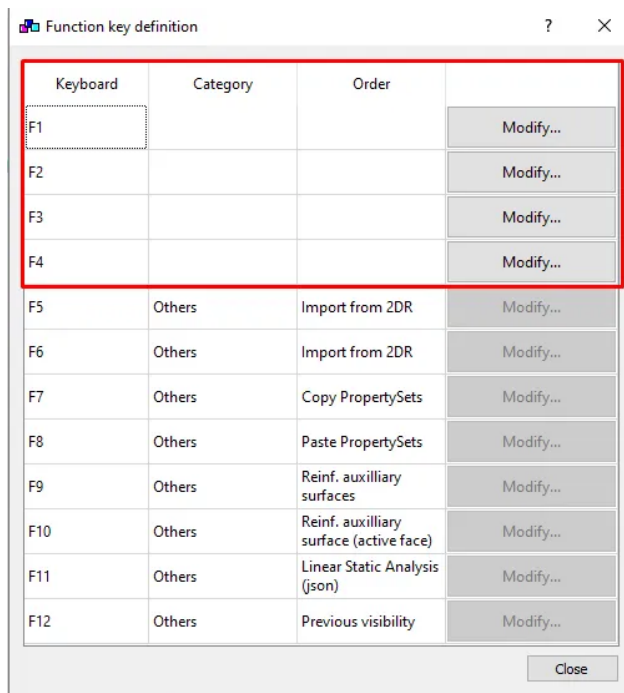

The possibility of defining specific functions through the `F1`-`F12` keys can be found in the *Help* menu.

In the settings window for keys `F1`-`F12`, it is possible to define specific functions for keys `F1` to `F12` by clicking on "modify".

Currently only the `F1`-`F4` keys are available for users.
The keys `F5` to `F12` are locked and already assigned.
